

CORRIGENDUM

Corrigendum to “Victorian Inspectorate Report to the Parliament of Victoria on Victoria Police pursuant to s. 39 Crimes (Controlled Operations) Act 2004 2015-2016”

(published as “Victoria Police Controlled Operations 2015-2016 under Crimes Controlled Operations Act 2004”)

The Victorian Inspectorate (VI) regrets to advise this report contains some statistical errors. These errors as well as the corrected data are shown below.

- (1) On page 10, at Table 3, the number of authorities issued in 2015-2016 was incorrectly recorded as 131. Rather than representing the number of authorities issued during the period, this number instead represents the total number of authorities that were active at any stage during this time. The correct number for authorities issued in 2015-2016 is 100.
- (2) On page 16, at Table 7, the number of authorities for Local Major controlled operations that expired during 2015-2016 was incorrectly recorded as 82. This figure however represents number of expired and cancelled authorities for this period. The number of authorities that expired only in 2015-2016 was 67. Therefore, the combined tally for all types of controlled operations that expired for this period is 80 rather than 95.

The VI apologises for any inconvenience caused.
